

WEBSITE MR. PIZZA

Human - Computer
Interaction course

André Butuc - 103530
Bruna Simões - 103453
Gonçalo Silva - 103668

29/03/2022

Index

1. Introduction
2. Website main objectives
3. Usability evaluation and used methods
4. Main problems
5. Overall appreciation

Why Mr. Pizza?

- Useful for the second course essay
- Comparison to other franchises, which have a better user interface
- Quick to find several problems with this website, which we could use to evaluate and work on

Mr. Pizza's main objectives

Advertise news

Display menus and restaurant locations

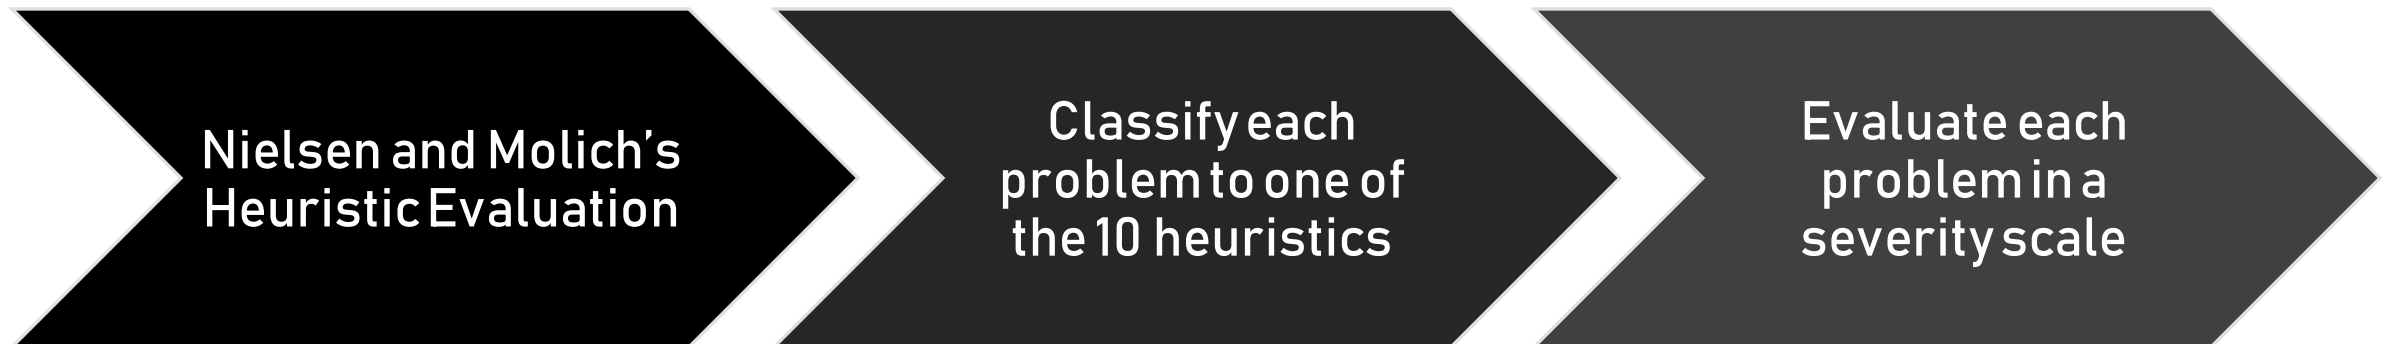

Advertising media platforms and merchandise

Display contact information and recruiting applications

Target audience consists mainly in pizza consumers and people interested in finding a job

System evaluation methods

- Analytical methods used:

System evaluation methods

- Analytical methods used:

- Cognitive Walkthrough – 3 examples:

1. “I, as a gluten intolerant client, want to consult Mr. Pizza’s gluten-free menu and its pizzas”
2. “I, as a hungry client, want to order a pizza in Mr. Pizza’s website”
3. “I, as an unemployed person, want to apply as a Mr. Pizza’s pizza maker”

Main problems found

#1 "Does not allow to order products in its own interface, redirecting to UberEats"

Heuristic #7: Flexibility and efficiency of use

Severity 3 – Major usability problem

#6 "Navigation and information collection implies the iterant use of the scroll functionality"

Heuristic #3: User control and freedom

Severity 3 – Major usability problem

Other issues found

Issues	Bruna	André	Gonçalo	Median
Inappropriate use of language in navbar	2	2	1	2
Out-dated and irrelevant content on main page	2	2	2	2
Navigation and information collection implies the iterant use of the scroll functionality	2	3	2	2
Does not allow to order products in its own interface, redirecting to UberEats	3	3	3	3
Correlated information is displayed in different webpages	3	2	3	3
Related google maps can't be compared	2	2	2	2
Google map integration doesn't include specific information regarding the Mr. Pizza establishment	2	2	3	2
Can not compare and search between types, ingredients and pizza's menus	3	3	3	3
Recruitment page with low visibility	2	2	2	2
Help Page doesn't exist	2	2	2	2
Product pictures in website, namely pizzas don't have the intended effect, due to bad photo quality and framing	2	1	3	2
No search bar to help information scanning	3	2	3	3
Missing API Maps Integrations	1	1	2	1
"Navbar organization is confusing and inconsistent, prioritizes certain areas"	3	2	3	3
Too many Youtube videos in #mrpizzapt	2	1	2	2
Inconsistent UberEat links in Menu Page	3	2	2	2

Cognitive walkthrough

Example 1 - “I, as a gluten intolerant client, want to consult Mr. Pizza’s gluten-free pizzas”

[Video](#)

Task

- Consult Mr. Pizza’s no gluten pizzas

User

- Client interested in acquiring a gluten-free pizza

Issue

- The user has to know that gluten free pizzas are located in the main page and not in the menu page

Cognitive walkthrough

Example 2 – “I, as a hungry client, want to order a pizza in Mr. Pizza’s website”

[Video](#)

Task

- Order a pizza in Mr. Pizza’s website

User

- The hungry client, that has access to Mr. Pizza’s website

Issue

- Finding where to order pizza, if it has no UberEats, no link to order from the website

ALCOBAÇA

Tel.262 502 555 | > **VER MAPA**

**ENTREGAS
PRÓPRIAS
MR.PIZZA**

← No link to order from

Cognitive walkthrough

Example 3 – “I, as an unemployed person, want to apply as a Mr. Pizza’s pizza maker”

[Video](#)

Task

- Apply to Mr. Pizza as a pizza maker

User

- An unemployed person looking to work as a pizza maker

Issue

- Initial difficulty in finding where the recruiting page is located

The recruitment link is at the bottom of the website

AVISOS LEGAIS

TABELA NUTRICIONAL MR PIZZA

MARCA

RECRUTAMENTO

Overall appreciation

- Has several negative aspects, but some positives as well
- It is probably enough for what the owner's want to achieve
- Mr. Pizza might get stuck and not progress with the evolution of the market
